RE: HB 5408 and 5409

Dear Committee Members,

I am writing in strong support of the proposed legislation. This legislation will allow me to start a Cycle Pub in Ann Arbor and other cities. The creator of the Cycle Pub and other operators have made it very clear that without the legislation a Cycle Pub will not be economically feasible. By passing HB 5408 and 5409, I will be able to start a new business that will be an economic and tourism boost for Michigan.

Sincerely,

David A. Haig
